Carnival : Shooting gallery released for Apple iPhone and iPod Touch

Swedish software manufacturer Consulence today announces the release of the Apple iPhone game Carnival Shooting Gallery. The game is the first in a series of entertaining classic amusement games implemented for the iPhone.

Carnival : Shooting gallery is a fun, fast paced action filled carnival style arcade game with beautiful graphics style. The game is really easy to get into, but not that easy to let go. Available now at the Apple App Store.

Consulence AB is a creative software provider and consulting company specialized on consulting in the area of mobile services and entertainment software, based in the well renowned University of Lund in Sweden.
